DEVELOPMENT OF NORTHERN COMD COMBAT TRAUMA REGISTRY (NCCTR) SOFTWARE

1. A systematic and comprehensive approach is needed to **record all details of combat trauma injuries sustained by tps deployed in the line of duty across Northern Borders** enabling timely identification of patterns in combat trauma, checking effectiveness of medical interventions and moderating policy decisions force preservation.

2. The **Northern Comd Combat Trauma Registry (NCCTR)** software has been envisioned for recording combat trauma related database for Northern Comd Theatre which will offer a structured platform to document, analyze, and disseminate critical data pertaining to combat trauma.

3. Data will be compiled on **NCCTR Software,** been dev by Northern Comd Sig Regt. This will be made **avl on the Northern Comd Webpage (on ADN)** within the 'Med Br' tab and will be avl to all ADN users with username and password access. **It will be developed using 'php' as the front-end interface and 'MY SQL' as the back-end database**.

4. It is submitted that, since the software is being dev by the indigenous efforts of NCSR, hence **no financial implications are anticipated**.

5. The GOC-in-C Northern Comd has endorsed 'In Principle Approval' for the NCCTR and emphasized the need for integration of the data so collated by the above software with existent HR software of IA to achieve cross-linking of data, pertaining to each combat cas in an automated fashion. **Flag'1A'**

6. Lt Gen Arindam Chatterjee, AVSM, VSM DGMS (Army) & Col Comdt during the vis to HQ Northern Comd on 22 May 2024 had emphasised that the NCCTR Software shall be envisaged for **PAN India Application across all Comd theatres of IA** in the post apvl stage for collation of all combat trauma incidents, after testing trials at Northern Comd theatre in the first phase.

7. Since the appl is reqd to hosted on ADN, it **needs to be whitelisted post AoN/ IPA by DG IS**, followed by vetting from ACG (Cyber Security), AHCC (layout and architecture) and DG MI (content) for PAN India Application. As per SOP on whitelisting of application software in IA, requisite docus are encl:-

(a) Checklist **Flag'1B'**

(b) Statement of Case **Flag'1C'**

(c) Recommendations of MG Med HQ NC **Flag'1D'**

8. **Case file submitted for accord of AoN/ IPA by DG IS please**.
